## *Beware of Scrofula*

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

## Salt Rheum

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. STANTON, Mt. Vernon, Ohio.

### REPUBLICANS

### Meet in Convention in the Empire State.

By Telegraph to THE SENTINEL.

SARATOGA, N. Y., September 22.—It was 4:50 when the convention was again called to order. The chairman announced that the first business in order was the report of the committee on contested seats. General Sharp, chairman of the committee, reported in favor of recognizing the contestants in the first Albany district, and the regular delegation from the second Albany district. Report adopted.

The committee on permanent organization reported for permanent chairman, Hon. James W Husted. The report was adopted and amid great applause, Gen Husted took the chair. He spoke briefly. The balloting for governor then commenced, The first ballot resulted as follows: Davenport, 105; Carr, 205; Morton, 42; Seward, 57; Swedenburn, 32; Lay, 16; Warren, 137; Drexel, 37; Bliss, 13; Cornell, 4; Evarts, 1; Starin, 1; Charles Andrews, 1; whole number of votes cast, 691; necessary to choice, 357. At the conclusion of the first ballot, convention at 8:30 adjourned until to-morrow.

### The Proceedings To-day.

SARATOGA, N. Y., Sept. 23.—The committee on resolutions reported a platform. When the clause was read relating to the fact that preference for office be given to ex-soldiers, Corporal Tanner, of Brooklyn, inquired if that meant that if a soldier passed an examination that proved his competency he should be appointed, even if the college graduate of yesterday should pass at a higher grade. "It does," quickly rejoined Col. Bliss. "If a soldier passes eighty and the dude stands 100, the soldier gets first place." Great applause and laughter. Many passages in the platform were applauded, notably the one referring to convict labor. The platform was unanimously adopted.

FIRST BALLOT.

SARATOGA, N. Y., 11:30 a. m.—A ballot has just been taken in the republican convention. Davenport has 215, Carr, 195.

DAVENPORT NOMINATED.

11:55 a. m.—Davenport is nominated.

CARR FOR LIEUTENANT.

Mr. Davenport's nomination was made unanimous amidst great cheering. The whole convention then yelled, "Carr, for second place." General Carr was then nominated for lieutenant governor by acclamation.

OTHER OFFICES.

Anson S. Wood, of Franklin county, was nominated for secretary of state by acclamation. James Wadsworth, of Livingstone county, was nominated for comptroller by acclamation.

The ticket was completed as follows: State treasurer, Major Charles Ulrich, of New York; Attorney General, Edward B. Thomas, Chenango county; State Engineer, Wm. P. VanRensselear. Adjourned sine die.

THE PLATFORM.

The platform adopted declared that provisions of the present civil service laws, state and nation should be strengthened and extended to all grades of the public service to which applicable, honorably discharged soldiers and sailors are to be given preference in certification and appointment.

That the tariff should be regulated so as to afford security to industries and protection to the rights and wages of laborers.

That the gold standard for money should be maintained and all other kinds of money should be of the same standard.

The national administration was denounced for its obvious willingness to abandon the opinions pressed on the currency and compromise with the leaders of the party avowedly in favor of a debasement of the currency; for its hostility to the commerce of the country; for its arbitrary repudiation at the Roach contract and for arbitrary conduct in connection with the customs intended to deprive merchants of a fair opportunity in asserting their rights.

Endorsing the dying sentiments of U. S. Grant in favor of harmony between the north and south and that an end shall be put to the evasion of guarantees of the equal political and civil rights promised to every freeman.

If right of suffrage is unlawfully denied people of any state, its representatives in congress and in electoral college shall be reduced.

That the law prohibiting the importation of contract labor be strictly enforced.

That it is hypocritical pretension under which faithful republicans are removed from office on the plea of offensive partisanship, while such men as Higgins, Throop, Pillsburg, Aquilla Jones and others, some of whose names appear on prison records, are put in their places.

### CIVIL SERVICE.

### The President to Mr. Eaton.

By Telegraph to THE SENTINEL.

WASHINGTON,, Sept. 23.—The president to-day sent to Mr. Dorman B. Eaton, chairmen of the civil service commission, a long letter setting forth his views and policy in relation to the civil service and accepting Mr. Eaton's resignation, to take effect November 1.

THE EXACT LEGAL STATUS OF THE INDIANS.

The Pueblo Indian delegation called upon the Commissioner of Indian Affairs, this morning, and leave for their home in New Mexico, to-night. They have party succeeded in their mission, for the commissioner will request the authorities of New Mexico to suspend the tax levy until the exact legal status of the Indians can be determined. The commissioner seems to be of the opinion that these Indians should not be taxed. He admits that they were properly regarded as citizens under the treaty by which New Mexico was ceeded to the United States, but says they have never been allowed to exercise the rights of citizenship. The New Mexican authorities have not allowed them to vote, except upon some petty questions. Their lands were granted to the tribe by Mexico and the United States is paying them money, which the authorities of New Mexico seem to be endeavoring to acquire by taxation.

HIS SCALP WANTED.

The secretary of the treasury has called for the resignation of Martin Noerr, as chief of the division of captured and abandoned property and lands. Mr. Noerr was appointed from the District of Columbia, and is one of the oldest employes in the service. There are no charges against him.

### In Court.

By Telegraph to THE SENTINEL.

CLEVELAND, O., September 22.—Judgement was rendered by Judge Heisley in the common pleas court today against the New York, Chicago & St, Louis R. R, company for $416,000. In the cross petition, filed Monday, by Mr. Vanderbilt, in the suit against the Nickle Plate by the Central Trust Company, he calls into question the legality of the Nickel Plate company. He says it was illegally encorporated. It was formed by the consolidation of five other railroad companies, before their companies posessed a foot of railroad track, in contravention of the Ohio law. It was formed by the consolidation of an Ohio company with companies in the distant states of Illinois and New York, whereas in Ohio the statute permits consolidation only with railroads of an adjoining state These are legal defects which Mr. Vanderbilt presents, to cast the taint of illegality upon the corporation of the road, and thus to vitiate its power to issue a mortgage. If the court is sustained, this claim of the first bondholders will be reduced from their possession of priority to that of common creditors, because the mortgage which gives them the priority, will be void, and all securities will be placed on a common basis, without any preference whatever.

### Meeting of Railroad Magnates.

By Telegraph to THE SENTINEL.

NEW YORK, September 22.—A meeting of the presidents of the trunk lines was called to order at Commissioner Fink's office a little before noon. There were present during the first session, Messrs. Garrett, King and Harriott of the B. & O., Roberts, McCullough and Wilson of the Pennsylvania, Depew and Hayden of the New York Central, King and Felton of the Erie, Eddy of the West Shore, Newell of the Lake Shore, Ledyard of the Michigan Central, Hickson and Sergeant of the Grank Trunk and Reeve of the Chicago and Grand Trunk. The meeting has President Roberts, of Pennsylvia, as chairman. It is thought nothing definite will be reached to-day.

It was learned after the meeting adjourned, that it had been decided to advance rates on the five different classes of freights westward to 60, 50, 45, 25 and 20 cents respectively, an increase of about 50 per cent over present rates. The discussion of east bound freights was postponed for ten days, when another meeting will be held.

### A Little Neglect.

CINCINNATI, Ohio, September, 22.—The resignation of Thomas P Barry, general passenger and ticket agent of the Cincinnati Washington and Baltimore Railroad, has been requested. His neglect to turn over $20.000 collected recently, is supposed to be the cause of the trouble. He will make the shortage good. One of Mr. Barry's former clerks is said to have retained $500. It is probable that C. K. Lord, of the Baltimore and Ohio rail road, will have charge of the vacant position.

## His Last Words, "Let us Have Peace."

### His Golden Words Read to His Own Regiment,

### And the Old Soldiers, With One Voice, Say "Amen."---Col. Grant is Present.

### "LET US HAVE PEACE."

### The Last Line Written by Grant About the War.

By Telegraph to THE SENTINEL.

NEOGA, Ill., Sept, 23.—A reunion of the veterans of General Grant's old regiment, the Twenty-first Illinois volunteers, began here last night with a preleminary session at which Col. Fred Grant was present and was accorded a very hearty reception. In response to requests for a speech, the colonel said: "I do not intend to make you a speech, for I have not been trained as a public talker. I have here a document I would like to read to you. It is the last line written by my father on matters pertaining to the war and has never before been made public. As he entered into the war with you for his first companions, and as he always spoke of your regiment with affectionate interest, it is fitting that you should be the first to hear his parting words. This is what he wrote upon the pages I hold here: "I feel that we are on the eve of a new era, where there is to be great harmony between federals and confederates. I cannot stay to be a living witness of this prophesy, but I feel it within me that it is to be so. The universally kind feeling expressed for me at a time when it was supposed each day would prove my last, it seems to me, the beginning of answers to 'Let us have peace.' Expressions of these kindly feelings were not restricted to one country, nor to a division of people. They came from individual citizens of all nationalities, from all denominations, Protestant Catholic and Jew and from the various societies of the land, scientific, educational, religious or otherwise. Politics did not interfere in the matter at all. I am not egotist enough to suppose all this significance should be given this matter because I was the object of it, but the war between the states was a very bloody and a very costly war. One side or the other had to yield principles dearer than life before it could be brought to an end. I commanded the whole of the mighty host engaged on the victorious side. It was no matter whether deservedly so or not. As a representative of that side of the controversy, it is a significant and gratifying fact that the confederates should have joined heartily in this spontaneous move. I hope the good feeling inaugurated may continue to the end." A general amen went up and the audience adjourned.

### Hunting Them Down.

By Telegraph to THE SENTINEL.

SEATTLE, W. T., September 22.—Quarters of the Chinese workman at the Black Diamond mines, were visited by a mob last night. They were armed with repeating rifles and the Chinese fled in terror from their houses, which were then burned. The Chinamen had already been discharged from the mines and expected to return to Seattle this morning There is much excitement over the Chinese question here, and a convention to consist of delegates from all parts of the Puget Sound country, has been called to meet Sept. 28th, to discuss the means of ridding the country of the Chinese. The feeling is intensified by the fact that the federal authorities hardly make a pretext of stopping the Mongolians from crossing the border into Washington Territory, from British Columbia.

REPORT OF THE COMMITTEE ON FINANCE AND CITY TREASURER.

In reference to Councilman Tresselt's resolution for building a vault in the offices of the clerk and treasurer, your special committee reports that, in view of the action which the council has taken toward the construction of a new city hall, we do not deem the outlay for a vault advisable. Your committee believes that a satisfactory receptacle for the duplicates can be had for a moderate sum, and recommends that the committee on public grounds and buildings be authorized to provide means for the safe keeping of said duplicates at a limited figure.

REPORT OF CITY ATTORNEY.

1. I respectfully report herewith an agreement with A. D. Cressler, President of the Kerr Murray Manufacturing Company, permitting entry upon its land for the purpose of constructing a sewer. Mr. Derheimer has agreed to comply with all the conditions of said agreement and I recommend that the agreement be approved.

2. I respectfully recommend the compromise of the Strasser case upon the terms offered by Mr. Strasser. I gained this case before Judge Worden, but the Supreme Court, in a lengthy opinion, over-ruled Judge Worden and the case must be tried again, if not compromised. I believe the City will be defeated in another trial, as I know of no defense other than that held unavailable by the Supreme Court.

3. I have the pleasure of reporting to the Council that the Board of County Commissioners have granted the petition of the City for the annexation to its limits of the lots and lands in the petition described and the proper order and entry have been made by the Auditor, who will, according to the law, cause a certified copy of the order to be recorded with the County Recorder. In relation to this subject, I would recommend that the Chairman of the Committee on Streets and Alleys and the Attorney be directed to report to this Council at its next meeting an ordinance defining the boundaries of the City.

4. I herewith report a proper form for sewer ordinances, to be used by the Council in the future, so as to provide for an inspector for all and any sewers and declaring such expense a part of the cost of construction of such sewers.

5. In the matter of the report of the Clerk reporting affidavits on file for precepts by William Moellering for sewer assessments, I respectfully report that the Council have no right to unreasonably delay the contractor in collecting estimates and that, therefore, the precepts should be granted.

6. In the matter of the petition of John Bartels asking for $37.50 unpaid balance upon the alley sewer between Creighton avenue and Edgerton street, I report that the City could not legally give Mr. Bartels estimates for the amount of his contract price of the sewer by reason of the low estimate of the real estate benefitted thereby. I recommend that the matter be referred to the Sewer Committee to report the true amount due him.

HENRY COLERICK, City Attorney.

First section referred back to the Mayor and City Attorney; second section referred to the Mayor and City Attorney; third and fourth sections concurred in; fifth section concurred in and precepts granted; sixth section referred to the Sewer Committee.

REPORT OF CITY CIVIL ENGINEER.

1. I have the honor to report to you that in order to complete the improvement of filling the old sewer on Lewis street, it will be necessary to make some repairs at the intersection of the brick sewer, where the water from the culvert on the east side of Lafayette street tumbles into the sewer, which has caused a portion of the brick work of the sewer to give way, and there is also an opening in the brick sewer at this point, which will necessarily have to be closed before the work of filling can be completed; and as it is necessary that a manhole should be constructed at this point for the purpose of flushing the sewer, the same can be constructed so as to close the opening in the brick sewer and at the same time repair the wall.

2. I will further report that the contract for the construction of a sidewalk on the west side of Grant avenue, from Washington street to the Maumee road, has been completed for nearly one year from Washington street to a point seventy-seven feet north of the Maumee road, where the said sidewalk intersects a water course, which flows directly in the line of the sidewalk, and in order to make a permanent improvement it will be necessary to lay sewer pipe, or other suitable drain, underneath the fill, in order to make the improvement a success.

J. S. GOSHORN, City Civil Engineer.

First section referred to the Committee on Sewers; second section referred to the Committee on Streets and Alleys.

*"Can't Be Beat."*

This comes from one whose case is one among thousands. Mr. A. Jennings, of Barhamsville, Va., had suffered from dyspepsia, but cheerfully writes: "Brown's Iron Bitters can't be beat in coming up to all that is claimed for it." Ask any respectable druggist for Brown's Iron Bitters, at a dollar a bottle.

M. J. KERGOVATZ, a chemist of Brest, has discovered a mode of disposing of the mortal remains of humanity which he considers preferable in every way both to inhumation and cremation. His system is an antiseptic one, of a simpler character and much less expensive than the old process of embalmment. All that is necessary is to rub the body over with a solution of plumbagine and then plunge it into a copper bath. But copper being rather an expensive mineral, zinc may be substituted for it in the case of the poor. On the other hand, persons of luxurious tastes may use silver or gold if they please, the effect being the same. The discoverer has tried his system eleven times on the human subject and on a hundred dead animals, and he has never once known it to fail. Among the manifold advantages which would result from the adoption of this system, M. Kergovatz mentions one which, if generally availed of, will strike a death blow at one of the fine arts. By simply prolonging the duration of the bath the body is rendered as hard and indestructible as granite, and thus the country is provided with ready-made statues of its great men, and the state and the communes will be saved in future the considerable expense which our present dependence on the statuary art for memorial purposes imposes on them.

Is inseparably connected with Hood's Sarsaparilla, and is true of no other medicine. It is an unanswerable argument as to strength and economy, while thousands testify to its superior blood-purifying and strengthening qualities. A bottle of Hood's Sarsaparilla contains 100 doses and will last a month, while others will average to last not over a week. Hence, for economy, buy Hood's Sarsaparilla.

# Indigestion Cured!

I suffered for more than five years with indigestion, scarcely able to retain the simplest food on my stomach. The burning sensation was almost intolerable, and my whole system was deranged. I was wakeful and could not sleep, and consequently more or less nervous all the time. I declined in flesh, and suffered all the usual depression attendant upon this terrible disease. In a word, I was miserable. At last, failing to find relief in anything else, I commenced to use Swift's Specific. I began to improve at once. The medicine toned up the stomach, strengthened the digestive organs, and soon all that burning ceased, and I could retain food without the slightest difficulty. Now my health is good, and can eat anything in the shape of food, and digest it without the slightest difficulty. I most cheerfully bear this testimony, because there are hundreds suffering as I was, and I am sure they can be as readily healed. Take the prescribed dose after eating, instead of before.

**Free From Malaria.**

In the fall of 1884 I was taken with a case of malarial fever which prostrated me both body and mind. I was drugged after the old fashion with mercury and other mineral mixtures, but with no good results. My health was shattered and my energy gone. My legs and feet would swell, and I had what everybody thought was dropsy. These symptoms alarmed me, and I was ready to grasp at any remedy suggested. A friend advised me to try Swift's Specific. I procured three bottles and commenced its use. The swelling soon subsided. I have taken the three bottles, which have made a perfect cure, and I feel like a new man to day. There never was a more meritorious medicine offered to suffering humanity. It has wrought wonders for me. WILLIS JONES.

## LIME-KILN CLUB.

"I nebber see a man who believes it am his solemn dooty to be responsible fur his fellow-man widout feeling sorry fur him," said Brother Gardner as the voice of the triangle called the meeting to order.

"When a pussen who has worn de heels off his butes dodgin' creditors comes to me an' wants to know why I doan' put up mo' cash for de heathen he settles me on the African bizness fur months to come.

"When a man has fit wid all his naybors, an' driben his poo old fadder to de poo' house to die, calls aroun' to demand why I doan' come down for dis or dat charity, I feel all de stubbornness of an Alabama mewl.

"Elder Toots am not responsible if Samuel Shin has fo' libin wives, an' de Rev. Penstock am blameless if Giveadam Jones am sent to Jackson fur stealin' a plate glass window. Mind your own bizness am ez good a motto ez 'God Bless our Homes.'"

BUSHING TO SELL OUT.

The Secretary announced a printed circular from Vincennes, Ind., originating with a religious sect, making the statement that the world was to come to an end on the 3d of July, and asking Lime-Kiln Club to assist in preparing the general public for the expected event.

Shindig Watkins made a break for the door, and Judge Cadaver showed a disposition to go out of an alley window, but the stentorian tones of the President called a halt.

"Dar' am no 'cashun fur anybody to rush home an' sell off his cook-stove at half price. If de predickshun am solid we has quite a few days befo' us to git in proper shape; if de predickshun am only guess-work we'd better move slow. De Seckretary will write to Indiana fur furder perticklers, an' meanwhile the subjick will be laid on de table."

"In case de world eands up on that day what am to become of dis club?" anxiously inquired the Hon. Unworthy Smith.

"We shall simply adjourn de subjick to de call of de proper officers," was the calm reply.

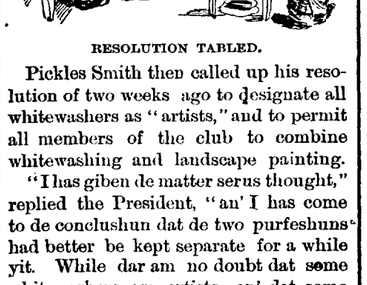

RESOLUTION TABLED.

Pickles Smith then called up his resolution of two weeks ago to designate all whitewashers as "artists," and to permit all members of the club to combine whitewashing and landscape painting.

"I has giben de matter serus thought," replied the President, "an' I has come to de conclushun dat de two purfeshuns had better be kept separate for a while yit. While dar am no doubt dat some whitewashers am artists, an' dat some artists am only whitewashers, it will be better fur each to stick to his line. If you get the public confused de woman who wants an oil paintin' of a scene among de Alps will be bumpin agin de man who wants a double coat of whitewash on a line-fence, an' *vice versa.*"

The Chairman of the Committee on Agriculture announced his quarterly report, and added that it gave him great satisfaction to be able to state that at least one-third more watermelons would be marketed this year than last. He had been directed to offer a prize of ten dollars in gold for the best ode to the first watermelon, the said ode to be strictly original, written in blue ink, and the author to make a two dollar affidavit that it had never appeared in print before.

O-DE WATCHERMILLION.

The suggestion was, after considerable debate, placed in the form of a resolution, and as such was passed by a large majority. All poems must be in by July 15, and the award will be made by August 1. Authors need not name any particular brand of melon, nor the name of the grower, nor how the melon came to leave the patch without the owner's knowledge. Neither will any attention be paid to the condition of the melon—whether ripe o. green, but a ripe ode will probably read the best.

After transacting some further routine business the meeting adjourned.—*Free Press.*

An eastern paper, the *Academy News*, having asked a number of distinguished persons to write for its columns a few words of advice to boys, received, among other answers, the following: Dr. Lyman Abbott: "Whatsoever thy hand finds to do, do it with thy might." E. P. Roe: "Do one thing honorably and thoroughly, and set about it at once." Ex-President Hayes: "Commit to memory and recite Brown's letter to a young friend." Gen. Lyons: "No one will ever become a great scholar without constant study, close application, and without thoroughly understanding that which he may attempt before passing it by to take up something else." Gen. Winfield S. Hancock, among other things: "Be truthful, never try to appear what you are not, honor your father and your mother." Rev. E. E. Hale: "Tell the truth. Keep the Commandments. Do not drink. If you have anything to say, say it; but if not, certainly not." Gen. D. S. Stanley: "That next to exact regularity in their hours for prayer and pious reading they allow nothing to interfere with their hours of study."

*"As Good as New,"*

are the words used by a lady, who was at one time given up by the most eminent physicians, and left to die. Reduced to a mere skeleton, pale and haggard, not able to leave her bed from all these distressing diseases peculiar to suffering females, such as displacement, leucorrhœe, inflammation, etc., etc. She began taking Dr. Pierce's "Favorite Prescription," and also using the local treatments recommended by him, and is now, she says, "as good as new." Price reduced to one dollar. By druggists.

According to a correspondent of the Baltimore *Sun*, an old hotel proprietor says no greater humbug exists in hotel-keeping than the "bridal chamber" business, and so far as he is concerned he proposes to abolish all such arrangements for the future. He says bridal couples will take just what you give them, and will submit to most anything without a murmur. They are too much occupied with themselves to take any note of their surroundings. It is the people, he says, who have been married long enough to get over the honeymoon, and in the intervals of fussing with themselves fuss with every one around, who give the hotel-keepers the trouble.

---

At almost any season of the year, in this treacherous climate of ours, we are apt to contract that distressing complaint—chills and fever. Be on your guard, therefore, and meet the enemy with a weapon strong and sure. I. Myers, of Harrisburg, Pa., was laid low for seven weeks. He didn't take much stock in "patent medicines" but was finally induced to try Mishler's Herb Bitters. He had not continued their use long when chills and fever took their flight, and Mr. Myers was a well man.

*The Babies in the Cradle.*

Babies are very little things, yet they leave great gaps of loneliness behind them when they die. Mothers save your little ones by giving them Parker's Tonic when they show signs of being unwell. This famous remedy is so pleasant that any infant will take it, and it will soon quiet and remove their aches and pains.

---

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

## TAKE SIMMONS LIVER REGULATOR

For all Diseases of the

**Liver, Kidneys, Stomach and Spleen.**

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

**A PHYSICIAN'S OPINION.**

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. ## NOT A BIT MODEST.

### Henry Bohrman, the Eccentric Peddler, Files a Bill for $160,000 Against the City.

Henry Bohrman, the eccentric peddler, has hung about the town since his return from the insane asylum He is an imbecile, not at all dangerous, but a great bore to lawyers and particularly city officers. He has many grievances, but his principal one is against the city, and last night he filed this paper which City Clerk Rockhill read it to the city council:

City of Fort Wayne dr. to Henry Bohrman.

| | |
|---|---|
| For false imprisonment | $ 50,000 |
| For malicious persecution | 50,000 |
| For defamation | 50,000 |
| For services from about June 1, 1885, to August 25, 1885 | 10,000 |
| Total amount | $160,000 |

I will, if your honorable body order the immediate payment of my claim, I will make a deduction of one-fourth (¼) of the above.

I hereby reserve my rights to any and all other claims I may hold against the municipality. I am willing that my taxes, if they do not exceed $10, may be paid out of such sum as you may find due me.

Regarding to myself, I like the council to know that I go according to the doctrine of the law and the institution of that kind of treatment.

HENRY BOHRMAN.

I refer to Drs. Dinnen, Buchman and Poyneer.

The paper was read to satisfy the fellow's whim, and now he is energetically striving to collect the vast boodle. Some one told him the engine house, calaboose and water works had been transferred to him and he is managing those departments to-day with all the pomp of a king. He represents himself in possession of E. Sidell's property and has notified his tenents to pay more rent. Thus run the caprices of the poor fellow who will soon have to be confined in an asylum. A. Dodge first made Bohrman famous and organized the Bohrman club.

### The Shooting Tournament

The tournament at the fair grounds continues to absorb the attention of people interested in the sport and splended marksmen are in attendance:

The shoot was commenced yesterday forenoon and opened with contest No. 1, ten Peoria blackbirds at twenty-one yards rise. This contest was won by McCartney, who took first money, Erb and Hill dividing second money.

In contest No. 2, ten clay pigeons at eighteen yards rise, McDuff took first money, Hill, Ackerman and McCartney dividing second money.

In contest No. 3, five pair of Peoria blackbirds, at fifteen yards rise, Ackerman took first money and McDuff, Erb and Watson dividing second money.

At the conclusion of the day's program a number of sweepstakes were shot.

In the first sweepstakes shoot at ten clay pigeons, Hill took first money with ten straight birds; the second at six clay pigeons was won by McDuff and O'Niel with clean scores each, the third at five clay pigeons was won by Crewell, Hill and Ackerman, with five straight birds each and the last at six Cincinnati flying targets, was won by McDuff with a clean score.

### A Midnight Blaze.

Last night a fire originated in the Union block, at the southeast corner of Clinton and Main streets and soon smoke issued from the old building in black rolls. The firemen got at the place about 12 o'clock and promptly quenched the blaze. The damage from fire will not exceed $900, but the water did much injury. Capt. Beadley's Delmonico restaurant was drenched. Mrs. Polly Schilling's millinery store, Chausse & Yettie's second hand store and John Trott's candy store were all soaked. Inmates of the upper floors also suffered losses, but everything is covered by insurance.

### Sunday School Picnic.

Correspondence of THE SENTINEL.

According to annoucements and invitations that were sent out the lovers of the Sabbath school cause gathered at the grove near the Massillon church and enjoyed a grand treat, consisting of speaking, singing and general talks concerning Sunday school work.

Invitations sent out brought in ten schools. They commenced to arrive about 10 o'clock in all manner of conveyances, from a single rig to the heavy waggon with monstrous riggings, drawn by six horses. Processions as they arrived in their conveyances stopped at the entrance to the grounds, onloaded their schools, formed into procession, double file and by a band was escorted to the different places assigned them, where commodious seats convenient to the speaker's stand were arranged. An attempt was made to count the swaying multitude but it could not be done. Estimates generally were from 1,800 to 2,500 people. The exercises were opened by song, coronation and prayer by Rev. Douglass. The address of welcome delivered, by Rev. O. E. Eagy, was masterly on account of its warmth and briefness. Songs were next in order and music by the cornet band of Monroeville, after which from the stand the marshal of the day announced that the hour for dinner had arrived and all present were soon enjoying themselves upon the bountiful repasts spread by the matrons and maidens. The pies, cakes and chickens were devoured right speedily. "Chickens" they fairly flew,

Dinner being over the program of the day was again taken up, consisting of songs, and short speeches. A query how can we improve the "efficiency of the Sunday school work," gave us some excellent remarks from Revs. Bicknell, Douglas, Eagy and a number of other speakers and sunday school laborers. The general decision was that good early training was the great thing needful.

The program being completed the meeting was closed with doxology.

The dispersing crowd was favored with some fine music by the W. C. band, and also by a band of martial music.

Everybody went home well pleased and we hope again to meet the pleasant faces of those with whom we mingled.

### The Wickliffe-Clark Elopement.

Mary M. Young this morning sued Michael F. Wickliffe for $100. The lady sues for a bill contracted at the clothing store of her husband N. B. Young. She also provides for attaching his personal property. From the Hamilton National bank he borrowed $200 and from the First National bank $550. This money he paid to his brother, George Wickliffe, who is in the Rich house saloon.

Treasurer Dalman says his affairs in the county treasurer's office are straight to a cent and he believes Mr. Wickliffe will come back, although the exposure may prolong his stay. The baggage of the party was shipped to Logansport, and there Steve Wickliffe, another brother, accompanied the party. He is expected home to-day or to-morrow.

Lew Clark returned home last night. He makes the public statement that he knew of the intimacy between his wife and Mr. Wickliffe. One time he discovered Mr. Wickliffe in his wife's bedroom and struck him. Mrs. Clark took about $1,600 with her and Mr. Wickliffe had between $300 and $500. The affair creates much comment and regret for Mr. Wickliffe who has a wife and two children. Mrs. Clark has children but is the heorine of four elopements.

A rather thorough inquiry into the affairs of Mr. Wickliffe places his indebtedness at something like $1,200. He owns a house and lot in the Sixth ward and a horse and buggy, all of sufficient value to cover his indebtedness. He recently sold his house and lot at Zanesville, where his wife now is, for $1,000. He got but $300 cash. Mrs. Wickliffe has not yet been apprised of her husband's escapade.

Late this afternoon George H. Loesch filed an attachment suit to recover $300 on a note signed by M. F. Wickliffe and George Wickliffe. Mr. Loesch purchased the note from George Morris who loaned Mr. Wickliffe the money. Other suits will speedily follow this one.

### Go to "Siberia."

Manager Simonson does not propose to fill the newspapers with long articles complimentary of "Siberia." Said he "It is the greatest play on the road, better than the 'World,' 'Silver King,' 'Monte Christo,' or any other play I might name. It is from the pen of Bartley Campbell, descriptive of life in the Russian prison mines. It is already famous and if people do not appreciate such an engagement, there is nothing I can say or do to make them." Mr. Simonson is right, "Siberia" is the greatest of modern plays will be given at the Temple by company No. 1 on its introductory tour. The sale of advance seats opened with a rush this morning and the chances are that not a seat will remain vacant Friday and Saturday night.

## YOUNG CROOKS.

### Grant and Roy Wiles Arrested for Horse Stealing and Held.

Grant, Fay and Roy Wiles, aged thirteen, fifteen and seventeen years, live with their father on a farm in this county, near the Whitley county line. The trio are tough and a terror to the neighborhood, where their lawless work has ceased to be amusing. Their favorite sport was to appropriate horses belonging to neighbors and drive them about the country for a week or more and then turn the animals loose to return home. They did this with Patrick Fox, of Whitley county, just once too often and he ordered their arrest. Fay Wiles fled the country, but Grant and Roy had a hearing before Justice Schaff, at Arcola, yesterday. Deputy Prosecutor Bittinger and Deputy Sheriff Clausmeier represented the state. The boys were held for trial in the sum of $300 and their chances for a trip to the reform school are good.

A WASHINGTON correspondent says of Gen. Lew Wallace: He is an agreeable man, quite as literary in his appearance as military. He wears an English suit of mixed goods, has good broad shoulders, and would appear to be a man of about 50. He told me that he had two more novels in an advanced state, one of them being a tale of Constantinople at the time of its capture by the Turks, and the other, if I remember, is an American book of domestic life among us. His tale of Ben Hur paid him $3,200 last year in royalties. Referring to general compensation of literature, Gen. Wallace remarked: "I think that a considerable publishing-house has stated that when an author gets $500 royalties on a novel he was considered to have written a successful book."

## *Beware of Scrofula*

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

## Davenport Nominated for Governor of New York.

### Car Gets the Second Place by Unanimous Choice,

### While Wood and Wadsworth are Named for Secretary and Comptroller of State.

REPUBLICANS

Meet in Convention in the Empire State.

By Telegraph to THE SENTINEL.

SARATOGA, N. Y., September 22.—It was 4:50 when the convention was again called to order. The chairman announced that the first business in order was the report of the committee on contested seats. General Sharp, chairman of the committee, reported in favor of recognizing the contestants in the first Albany district, and the regular delegation from the second Albany district. Report adopted.

The committee on permanent organization reported for permanent chairman, Hon. James W Husted. The report was adopted and amid great applause, Gen Husted took the chair. He spoke briefly. The balloting for governor then commenced. The first ballot resulted as follows: Davenport, 105; Carr, 205; Morton, 42; Seward, 57; Swedenburn, 32; Lay, 16; Warren, 137; Drexel, 37; Bliss, 13; Cornell, 4; Evarts, 1; Starin, 1; Charles Andrews, 1; whole number of votes cast, 691; necessary to choice, 357. At the conclusion of the first ballot, convention at 8:30 adjourned until to-morrow.

### The Proceedings To-day.

SARATOGA, N. Y., Sept. 23.—The committee on resolutions reported a platform. When the clause was read relating to the fact that preference for office be given to ex-soldiers, Corporal Tanner, of Brooklyn, inquired if that meant that if a soldier passed an examination that proved his competency he should be appointed, even if the college graduate of yesterday should pass at a higher grade. "It does," quickly rejoined Col. Bliss. "If a soldier passes eighty and the dude stands 100, the soldier gets first place." Great applause and laughter. Many passages in the platform were applauded, notably the one referring to convict labor. The platform was unanimously adopted.

FIRST BALLOT.

SARATOGA, N. Y., 11:30 a. m.—A ballot has just been taken in the republican convention. Davenport has 215, Carr, 195.

DAVENPORT NOMINATED.

11:55 a. m.—Davenport is nominated.

CARR FOR LIEUTENANT.

Mr. Davenport's nomination was made unanimous amidst great cheering. The whole convention then yelled, "Carr, for second place." General Carr was then nominated for lieutenant governor by acclamation.

OTHER OFFICES.

Anson S. Wood, of Franklin county, was nominated for secretary of state by acclamation. James Wadsworth, of Livingstone county, was nominated for comptroller by acclamation.

The ticket was completed as follows: State treasurer, Major Charles Ulrich, of New York; Attorney General, Edward B. Thomas, Chenango county; State Engineer, Wm. P. VanRensselear. Adjourned sine die.

THE PLATFORM.

The platform adopted declared that provisions of the present civil service laws, state and nation should be strengthened and extended to all grades of the public service to which applicable, honorably discharged soldiers and sailors are to be given preference in certification and appointment.

That the tariff should be regulated so as to afford security to industries and protection to the rights and wages of laborers.

That the gold standard for money should be maintained and all other kinds of money should be of the same standard.

The national administration was denounced for its obvious willingness to abandon the opinions pressed on the currency and compromise with the lenders of the party avowedly in favor of a debasement of the currency; for its hostility to the commerce of the country; for its arbitrary repudiation at the Rosch contract and for arbitrary conduct in connection with the customs intended to deprive merchants of a fair opportunity in asserting their rights.

Endorsing the dying sentiments of U. S. Grant in favor of harmony between the north and south and that an end shall be put to the evasion of guarantees of the equal political and civil rights promised to every freeman.

If right of suffrage is unlawfully denied people of any state, its representatives in congress and in electoral college shall be reduced.

That the law prohibiting the importation of contract labor be strictly enforced.

That it is hypocritical pretension under which faithful republicans are removed from office on the plea of offensive partisanship, while such men as Higgins, Throop, Pillsbury, Aquilla Jones and others, some of whose names appear on prison records, are put in their places.

THE GENESTA MISSING.

SANDY HOOK, Sept, 23.—About 7 a.m. the wind had a force of forty-eight miles an hour and was from the northwest. The weather is cloudy with a heavy sea flat all morning. Nothing has been seen or heard of the Dauntless or Genesta.

FIRE ISLAND, 11:45, a. m.—The Genesta is now southeast of Fire Island bound home. The Dauntless is no where in sight. The wind is from the northwest, blowing sixty miles an hour.

SHOWING UP.

NEWPORT, R. I., Sept.—The yacht reported having rounded Brenton Reef lightship last night, at 9:40 o'clock, proved to be the Genesta, her signal going up at 9:33 after having got entirely clear of the lightship, at 12 o'clock the Dauntless, which had been seen for several minutes, sent up her signals.

FOUR SCHOONERS LOST.

CHICAGO, Ill., Sept. 23.—A very heavy northerly gale prevailed throughout the entire lake region yesterday and last night. Vessel masters who arrived during the night state the storm was a terrible one and the sea is running higher than at any previous time this season. ### Two Children Burned to Death.

POINT PLEASANT, W. Va., Sept. 23.—William Winter and his wife left home yesterday morning and locked their two children, aged two and five in the house. During their absence the house took fire and was entirely consumed. The children were burned to death.

CIVIL SERVICE.

### The President to Mr. Eaton.

By Telegraph to THE SENTINEL.

WASHINGTON, Sept. 23.—The president to-day sent to Mr. Dorman B. Eaton, chairmen of the civil service commission, a long letter setting forth his views and policy in relation to the civil service and accepting Mr. Eaton's resignation, to take effect November 1.

THE EXACT LEGAL STATUS OF THE INDIANS.

The Pueblo Indian delegation called upon the Commissioner of Indian Affairs, this morning, and leave for their home in New Mexico, to-night. They have party succeeded in their mission, for the commissioner will request the authorities of New Mexico to suspend the tax levy until the exact legal status of the Indians can be determined. The commissioner seems to be of the opinion that those Indians should not be taxed. He admits that they were properly regarded as citizens under the treaty by which New Mexico was ceeded to the United States, but says they have never been allowed to exercise the rights of citizenship. The New Mexican authorities have not allowed them to vote, except upon some petty questions. Their lands were granted to the tribe by Mexico and the United States is paying them money, which the authorities of New Mexico seem to be endeavoring to acquire by taxation.

HIS SCALP WANTED.

The secretary of the treasury has called for the resignation of Martin Noerr, as chief of the division of captured and abandoned property and lands. Mr. Noerr was appointed from the District of Columbia, and is one of the oldest employes in the service. There are no charges against him.

### In Court.

By Telegraph to THE SENTINEL.

CLEVELAND, O., September 22—Judgement was rendered by Judge Heisley in the common pleas court today against the New York, Chicago & St. Louis R. R. company for $416,000. In the cross petition, filed Monday, by Mr. Vanderbilt, in the suit against the Nickle Plate by the Central Trust Company, he calls into question the legality of the Nickel Plate company. He says it was illegally encorporated. It was formed by the consolidation of five other railroad companies, before their companies possessed a foot of railroad track, in contravention of the Ohio law. It was formed by the consolidation of an Ohio company with companies in the distant states of Illinois and New York, whereas in Ohio the statute permits consolidation only with railroads of an adjoining state These are legal defects which Mr Vanderbilt presents, to cast the taint of illegality upon the corporation of the road, and thus to vitiate its power to issue a mortgage. If the court is sustained, this claim of the first bondholders will be reduced from their possession of priority to that of common creditors, because the mortgage which gives them the priority, will be void, and all securities will be placed on a common basis, without any preference whatever.

### Meeting of Railroad Magnates.

By Telegraph to THE SENTINEL.

NEW YORK, September 22.—A meeting of the presidents of the trunk lines was called to order at Commissioner Fink's office a little before noon. There were present during the first session, Messrs. Garrett, King and Harriott of the B. & O., Roberts, McCullough and Wilson of the Pennsylvania, Depew and Hayden of the New York Central, King and Felton of the Erie, Eddy of the West Shore, Newell of the Lake Shore, Ledyard of the Michigan Central, Dickson and Sergeant of the Grank Trunk and Reeve of the Chicago and Grand Trunk. The meeting has President Roberts, of Pennsylvia, as chairman. It is thought nothing definite will be reached to-day.

It was learned after the meeting adjourned, that it had been decided to advance rates on the five different classes of freights westward to 60, 50, 45, 25 and 20 cents respectively, an increase of about 50 per cent over present rates. The discussion of east bound freights was postponed for ten days, when another meeting will be held.

### Sentenced to Death.

By Telegraph to THE SENTINEL.

EVANSVILLE, Ind., September 22.—A special to the Evansville Journal states that at Morganfield, Kentucky, to-day, Robert Fowler, charged with the murder of Liba Burnett, was found guilty of murder in the first degree and the sentence of death passed upon him. Fowler cut Miss Burnett's throat, Sunday evening, August 16th, near Boxville, Union county, Kentucky, because she had refused to marry him. The time of execution has not been fixed.

### Found With His Throat Cut.

By Telegraph to THE SENTINEL.

ST. LOUIS, Mo., Sept. 22.—The dead body of John Prince, a negro nearly 60 years old, was found yesterday afternoon on a farm ten miles from this city. His throat had been cut from to ear. There were evidences that a murder had been committed, but who committed the deed has not yet been ascertained.

### A Little Neglect.

CINCINNATI, Ohio, September, 22. The resignation of Thomas P Barry, general passenger and ticket agent of the Cincinnati Washington and Baltimore Railroad, has been requested. His neglect to turn over $20,000 collected recently, is supposed to be the cause of the trouble. He will make the shortage good. One of Mr. Barry's former clerks is said to have retained $400. It is probable that C. K. Lord, of the Baltimore and Ohio rail road, will have charge of the vacant position.

## His Last Words, "Let us Have Peace."

### His Golden Words Read to His Own Regiment,

### And the Old Soldiers, With One Voice, Say "Amen."—Col. Grant is Present.

"LET US HAVE PEACE."

The Last Line Written by Grant About the War.

By Telegraph to THE SENTINEL.

NEOGA, Ill., Sept, 23.—A reunion of the veterans of General Grant's old regiment, the Twenty-first Illinois volunteers, began here last night with a preliminary session at which Col. Fred Grant was present and was accorded a very hearty reception. In response to requests for a speech, the colonel said: "I do not intend to make you a speech, for I have not been trained as a public talker. I have here a document I would like to read to you. It is the last line written by my father on matters pertaining to the war and has never before been made public. As he entered into the war with you for his first companions, and as he always spoke of your regiment with affectionate interest, it is fitting that you should be the first to hear his parting words. This is what he wrote upon the pages I hold here: "I feel that we are on the eve of a new era, where there is to be great harmony between federals and confederates. I cannot stay to be a living witness of this prophesy, but I feel it within me that it is to be so. The universally kind feeling expressed for me at a time when it was supposed each day would prove my last, it seems to me, the beginning of answers to 'Let us have peace.' Expressions of these kindly feelings were not restricted to one country, nor to a division of people. They came from individual citizens of all nationalities, from all denominations, Protestant Catholic and Jew and from the various societies of the land, scientific, educational, religious or otherwise. Politics did not interfere in the matter at all. I am not egotist enough to suppose all this significance should be given this matter because I was the object of it, but the war between the states was a very bloody and a very costly war. One side or the other had to yield principles dearer than life before it could be brought to an end. I commanded the whole of the mighty host engaged on the victorious side. It was no matter whether deservedly so or not. As a representative of that side of the controversy, it is a significant and gratifying fact that the confederates should have joined heartily in this spontaneous move. I hope the good feeling inaugurated may continue to the end." A general amen went up and the audience adjourned.

### Hunting Them Down.

By Telegraph to THE SENTINEL.

SEATTLE, W. T., September 22.—Quarters of the Chinese workman at the Black Diamond mines, were visited by a mob last night. They were armed with repeating rifles and the Chinese fled in terror from their houses, which were then burned. The Chinamen had already been discharged from the mines and expected to return to Seattle this morning There is much excitement over the Chinese question here, and a convention to consist of delegates from all parts of the Puget Sound country, has been called to meet Sept. 28th, to discuss the means of ridding the country of the Chinese. The feeling is intensified by the fact that the federal authorities hardly make a protest of stopping the Mongolians from crossing the border into Washington Territory, from British Columbia.

Your committee on streets and alleys respectfully report and recommend the following contracts and resolutions.

1. We recommend the contract of John McMahon for grading and paving the sidewalks bordering on lot No. 15, Wilt second addition.

6. Adverse to resolution of Councilman Racine for grading and paving the sidewalk on Hoffman street from Oakland to Sherman street, as said work would be very expensive to the city at present and but little benefit to the public at large.

REPORT OF CITY ATTORNEY.

1. I respectfully report herewith an agreement with A. D. Cressler, President of the Kerr Murray Manufacturing Company, permitting entry upon its land for the purpose of constructing a sewer. Mr. Derheimer has agreed to comply with all the conditions of said agreement and I recommend that the agreement be approved.

2. I respectfully recommend the compromise of the Strasser case upon the terms offered by Mr. Strasser. I gained this case before Judge Worden, but the Supreme Court, in a lengthy opinion, over-ruled Judge Worden and the case must be tried again, if not compromised. I believe the City will be defeated in another trial, as I know of no defense other than that held unavailable by the Supreme Court.

3. I have the pleasure of reporting to the Council that the Board of County Commissioners have granted the petition of the City for the annexation to its limits of the lots and lands in the petition described and the proper order and entry have been made by the Auditor, who will, according to the law, cause a certified copy of the order to be recorded with the County Recorder. In relation to this subject, I would recommend that the Chairman of the Committee on Streets and Alleys and the Attorney be directed to report to this Council at its next meeting an ordinance defining the boundaries of the City.

4. I herewith report a proper form for sewer ordinances, to be used by the Council in the future, so as to provide for an inspector for all and any sewers and declaring such expense a part of the cost of construction of such sewers.

5. In the matter of the report of the Clerk reporting affidavits on file for precepts by William Moellering for sewer assessments, I respectfully report that the Council have no right to unreasonably delay the contractor in collecting estimates and that, therefore, the precepts should be granted.

6. In the matter of the petition of John Bartels asking for $37.50 unpaid balance upon the alley sewer between Creighton avenue and Edgerton street, I report that the City could not legally give Mr. Bartels estimates for the amount of his contract price of the sewer by reason of the low estimate of the real estate benefitted thereby. I recommend that the matter be referred to the Sewer Committee to report the true amount due him.

HENRY COLERICK, City Attorney.

First section referred back to the Mayor and City Attorney; second section referred to the Mayor and City Attorney; third and fourth sections concurred in; fifth section concurred in and precepts granted; sixth section referred to the Sewer Committee.

REPORT OF CITY CIVIL ENGINEER.

1. I have the honor to report to you that in order to complete the improvement of filling the old sewer on Lewis street, it will be necessary to make some repairs at the intersection of the brick sewer, where the water from the culvert on the east side of Lafayette street tumbles into the sewer, which has caused a portion of the brick work of the sewer to give way, and there is also an opening in the brick sewer at this point, which will necessarily have to be closed before the work of filling can be completed; and as it is necessary that a manhole should be constructed at this point for the purpose of flushing the sewer, the same can be constructed so as to close the opening in the brick sewer and at the same time repair the wall.

2. I will further report that the contract for the construction of a sidewalk on the west side of Grant avenue, from Washington street to the Maumee road, has been completed for nearly one year from Washington street to a point seventy-seven feet north of the Maumee road, where the said sidewalk intersects a water course, which flows directly in the line of the sidewalk, and in order to make a permanent improvement it will be necessary to lay sewer pipe, or other suitable drain, underneath the fill, in order to make the improvement a success.

J. S. GOSHORN, City Civil Engineer.

First section referred to the Committee on Sewers; second section referred to the Committee on Streets and Alleys.

*"Can't Be Beat."*

This comes from one whose case is one among thousands. Mr. A. Jennings, of Barhamsville, Va., had suffered from dyspepsia, but cheerfully writes: "Brown's Iron Bitters can't be beat in coming up to all that is claimed for it." Ask any respectable druggist for Brown's Iron Bitters, at a dollar a bottle.

M. J. KERGOVATZ, a chemist of Brest, has discovered a mode of disposing of the mortal remains of humanity which he considers preferable in every way both to inhumation and cremation. His system is an antiseptic one, of a simpler character and much less expensive than the old process of embalmment. All that is necessary is to rub the body over with a solution of plumbagine and then plunge it into a copper bath. But copper being rather an expensive mineral, zinc may be substituted for it in the case of the poor. On the other hand, persons of luxurious tastes may use silver or gold if they please, the effect being the same. The discoverer has tried his system eleven times on the human subject and on a hundred dead animals, and he has never once known it to fail. Among the manifold advantages which would result from the adoption of this system, M. Kergovatz mentions one which, if generally availed of, will strike a death blow at one of the fine arts. By simply prolonging the duration of the bath the body is rendered as hard and indestructible as granite, and thus the country is provided with ready-made statues of its great men, and the state and the communes will be saved in future the considerable expense which our present dependence on the statuary art for memorial purposes imposes on them.

It is an unanswerable argument as to strength and economy, while thousands testify to its superior blood-purifying and strengthening qualities. # Indigestion Cured!

I suffered for more than five years with indigestion, scarcely able to retain the simplest food on my stomach. The burning sensation was almost intolerable, and my whole system was deranged. I was wakeful and could not sleep, and consequently more or less nervous all the time. I declined in flesh, and suffered all the usual depression attendant upon this terrible disease. In a word, I was miserable. At last, failing to find relief in anything else, I commenced to use Swift's Specific. I began to improve at once. The medicine toned up the stomach, strengthened the digestive organs, and soon all that burning ceased, and I could retain food without the slightest difficulty. Now my health is good, and can eat anything in the shape of food, and digest it without the slightest difficulty. I most cheerfully bear this testimony, because there are hundreds suffering as I was, and I am sure they can be as readily healed. Take the prescribed dose after eating, instead of before.

I was drugged after the old fashion with mercury and other mineral mixtures, but with no good results. My health was shattered and my energy gone. My legs and feet would swell, and I had what everybody thought was dropsy. These symptoms alarmed me, and I was ready to grasp at any remedy suggested. A friend advised me to try Swift's Specific. I procured three bottles and commenced its use. The swelling soon subsided. I have taken the three bottles, which have made a perfect cure, and I feel like a new man to-day. ## LIME-KILN CLUB.

"I nebber see a man who believes it am his solemn dooty to be responsible fur his fellow-man widout feeling sorry fur him," said Brother Gardner as the voice of the triangle called the meeting to order.

"When a pusson who has worn de heels off his butes dodgin' creditors comes to me an' wants to know why I doan' put up mo' cash for de heathen he settles me on the African bizness fur months to come.

"When a man has fit wid all his nayburs, an' driben his poo old fadder to de poo' house to die, calls aroun' to demand why I doan' come down for dis or dat charity, I feel all de stubbornness of an Alabama mewl.

"Elder Toots am nót responsible if Samuel Shin has fo' libin wives, an' de Rev. Penstock am blameless if Givesdam Jones am sent to Jackson fur stealin' a plate glass window. Mind your own bizness am ez good a motto ez 'God Bless our Homes.'"

RUSHING TO SELL OUT

The Secretary announced a printed circular from Vincennes, Ind., originating with a religious sect, making the statement that the world was to come to an end on the 3d of July, and asking Lime Kiln Club to assist in preparing the general public for the expected event.

Shindig Watkins made a break for the door, and Judge Cadaver showed a disposition to go out of an alley window, but the stentorian tones of the President called a halt.

"Dar' am no 'casion fur anybody to rush home an' sell off his cook-stove at half price. If de predickshun am solid we has quite a few days befo' us to git in proper shape; if de predickshun am only guess-work we'd better move slow. De Seekretary will write to Indiana fur furder perticklers, an' meanwhile the subjick will be laid on de table."

"In case de world 'ends up on that day what am to become of dis club?" anxiously inquired the Hon. Unworthy Smith.

"We shall simply adjourn de subjick to de call of de proper officers," was the calm reply.

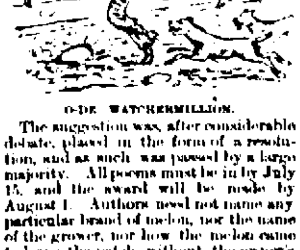

RESOLUTION TABLED.

Pickles Smith then called up his resolution of two weeks ago to designate all whitewashers as "artists," and to permit all members of the club to combine whitewashing and landscape painting.

"I has giben de matter serus thought," replied the President, "an' I has come to de conclushun dat de two purfeshuns had better be kept separate for a while yit. While dar am no doubt dat some whitewashers am artists, an' dat some artists am only whitewashers, it will be better fur each to stick to his line. If you get the public confused de woman who wants an oil paintin' of a scene among de Alps will be bumpin agin de man who wants a double coat of whitewash on a line-fence, an' *vice versa*."

The Chairman of the Committee on Agriculture announced his quarterly report, and added that it gave him great satisfaction to be able to state that at least one third more watermelons would be marketed this year than last. He had been directed to offer a prize of ten dollars in gold for the best ode to the first watermelon, the said ode to be strictly original, written in blue ink, and the author to make a two dollar affidavit that it had never appeared in print before.

O-DE WATCHERMILLION.

The suggestion was, after considerable debate, placed in the form of a resolution, and as such was passed by a large majority. All poems must be in by July 15, and the award will be made by August 1. Authors need not name any particular brand of melon, nor the name of the grower, nor how the melon came to leave the patch without the owner's knowledge. Neither will any attention be paid to the condition of the melon whether ripe or green, but a ripe ode will probably read the best.

After transacting some further routine business the meeting adjourned.—*Free Press.*

AN eastern paper, the *Academy News*, having asked a number of distinguished persons to write for its columns a few words of advice to boys, received, among other answers, the following: Dr. Lyman Abbott: "Whatsoever thy hand finds to do, do it with thy might." E. P. Roe: "Do one thing honorably and thoroughly, and set about it at once." Ex-President Hayes: "Commit to memory and recite Brown's letter to a young friend." Gen. Lyons: "No one will ever become a great scholar without constant study, close application, and without thoroughly understanding that which he may attempt before passing it by to take up something else." Gen. Winfield S. Hancock, among other things: "Be truthful, never try to appear what you are not, honor your father and your mother." Rev. E. E. Hale: "Tell the truth. Keep the Commandments. Do not drink. If you have anything to say, say it; but if not, certainly not." Gen. D. S. Stanley: "That next to exact regularity in their hours for prayer and pious reading they allow nothing to interfere with their hours of study."

*"As Good as New."*

are the words used by a lady, who was at one time given up by the most eminent physicians, and left to die. Reduced to a mere skeleton, pale and haggard, not able to leave her bed from all these distressing diseases peculiar to suffering females, such as displacement, leucorrhœa, inflammation, etc., etc. She began taking Dr. Pierce's "Favorite Prescription," and also using the local treatments recommended by him, and is now, she says, "as good as new." Price reduced to one dollar. By druggists.

ACCORDING to a correspondent of the Baltimore *Sun*, an old hotel proprietor says no greater humbug exists in hotel-keeping than the "bridal chamber" business, and so far as he is concerned he proposes to abolish all such arrangements for the future. He says bridal couples will take just what you give them, and will submit to most anything without a murmur. They are too much occupied with themselves to take any note of their surroundings. It is the people, he says, who have been married long enough to get over the honeymoon, and in the intervals of fussing with themselves fuss with every one around, who give the hotel-keepers the trouble.

At almost any season of the year, in this treacherous climate of ours, we are apt to contract that distressing complaint—chills and fever. Be on your guard, therefore, and meet the enemy with a weapon strong and sure. I. Myers, of Harrisburg, Pa., was laid low for seven weeks. He didn't take much stock in "patent medicines" but was finally induced to try Mishler's Herb Bitters. He had not continued their use long when chills and fever took their flight, and Mr. Myers was a well man.

*The Babies in the Cradle.*

Babies are very little things, yet they leave great gaps of loneliness behind them when they die. Mothers save your little ones by giving them Parker's Tonic when they show signs of being unwell. This famous remedy is so pleasant that any infant will take it, and it will soon quiet and remove their aches and pains.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. 1eod&wly

# TAKE SIMMONS LIVER REGULATOR

For all Diseases of the

**Liver, Kidneys, Stomach and Spleen.**

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

**The Regulator** is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance, will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. A. Melching to Robert Driebelbiss, lot 13, Eliga Hanna's addition, for $700; The same was transfered back for a like sum to Robert Drebelcies by Caroline Melching, for $700. These are the real estate transactions.

George Strodel, Charlie Sheldon, Rine Caps and Judge Sinclair left this afternoon on a duck slaughtering expedition to West Lake. Just what the judge accompanies the party for we don't know, for the writer don't believe he knows how to discharge a gun.

Peter Pernot has returned from his western tour. Mr. Pernot is a brilliant fellow and a spicy writer. He will shortly go to Washington to resume control of the document department of the house of representatives and officiate as representative of THE SENTINEL.

### MAGNATES MEET.

#### The Central Association of Railroad Superintendents in Session Here.

There was a notable gathering of railroad magnates at the Aveline house this morning. It was the annual session of the Central Association of Railroad superintendents. Some of the visitors were royally entertained at the residence of Supt. W. W. Worthington last evening. The railroad superintendents here do not belong to the association, but joined to receive their friends and welcome them to the Summit City.

### NOT A BIT MODEST.

#### Henry Bohrman, the Eccentric Peddler, Files a Bill for $160,000 Against the City.

Henry Bohrman, the eccentric peddler, has hung about the town since his return from the insane asylum. He is an imbecile, not at all dangerous, but a great bore to lawyers and particularly city officers. He has many grievances, but his principal one is against the city, and last night he filed this paper which City Clerk Rockhill read it to the city council:

City of Fort Wayne dr. to Henry Bohrman.

| | |
|---|---|
| For false imprisonment | $ 50,000 |
| For malicious persecution | 50,000 |
| For defamation | 50,000 |
| For services from about June 1, 1885, to August 28, 1885 | 10,000 |
| Total amount | $160,000 |

I will, if your honorable body order the immediate payment of my claim, I will make a deduction of one-fourth (¼) of the above.

I hereby reserve my rights to any and all other claims I may hold against the municipality. I am willing that my taxes, if they do not exceed $10, may be paid out of such sum as you may find due me.

Regarding to myself, I like the council to know that I go according to the doctrine of the law and the institution of that kind of treatment.

HENRY BOHRMAN.

I refer to Drs. Dinnen, Buchman and Poyneer.

The paper was read to satisfy the fellow's whim, and now he is energetically striving to collect the vast boodle. Some one told him the engine house, calaboose and water works had been transferred to him and he is managing those departments to-day with all the pomp of a king. He represents himself in possession of E. Sidell's property and has notified his tenents to pay more rent. Thus run the caprices of the poor fellow who will soon have to be confined in an asylum. A. Dodge first made Bohrman famous and organized the Bohrman clubs.

### The Shooting Tournament

The tournament at the fair grounds continues to absorb the attention of people interested in the sport and splendid marksmen are in attendance:

The shoot was commenced yesterday forenoon and opened with contest No. 1, ten Peoria blackbirds at twenty-one yards rise. This contest was won by McCartney, who took first money, Erb and Hill dividing second money.

In contest No. 2, ten clay pigeons at eighteen yards rise, McDuff took first money, Hill, Ackerman and McCartney dividing second money.

In contest No. 3, five pair of Peoria blackbirds, at fifteen yards rise, Ackerman took first money and McDuff, Erb and Watson dividing second money.

At the conclusion of the day's program a number of sweepstakes were shot.

In the first sweepstakes shoot at ten clay pigeons, Hill took first money with ten straight birds; the second at six clay pigeons was won by McDuff and O'Niel with clean scores each, the third at five clay pigeons was won by Crewell, Hill and Ackerman, with five straight birds each and the last at six Cincinnati flying targets, was won by McDuff with a clean score.

### A Midnight Blaze.

Last night a fire originated in the Union block, at the southeast corner of Clinton and Main streets and soon smoke issued from the old building in black rolls. The firemen got at the place about 12 o'clock and promptly quenched the blaze. The damage from fire will not exceed $900, but the water did much injury. Capt. Beadley's Delmonico restaurant was drenched. Mrs. Polly Schilling's millinery store, Chausse & Yettie's second hand store and John Trott's candy store were all soaked. Inmates of the upper floors also suffered losses, but everything is covered by insurance.

### Sunday School Picnic.

Correspondence of THE SENTINEL.

According to announcements and invitations that were sent out the lovers of the Sabbath school cause gathered at the grove near the Massillon church and enjoyed a grand treat, consisting of speaking, singing and general talks concerning Sunday school work.

Invitations sent out brought in ten schools. They commenced to arrive about 10 o'clock in all manner of conveyances, from a single rig to the heavy waggon with monstrous riggings, drawn by six horses. Processions as they arrived in their conveyances stopped at the entrance to the grounds, unloaded their schools, formed into procession, double file and by a band was escorted to the different places assigned them, where commodious seats convenient to the speaker's stand were arranged. An attempt was made to count the swaying multitude but it could not be done. Estimates generally were from 1,800 to 2,500 people. The exercises were opened by song, coronation and prayer by Rev. Douglass. The address of welcome delivered, by Rev. O. E. Eagy, was masterly on account of its warmth and briefness. Songs were next in order and music by the cornet band of Monroeville, after which from the stand the marshal of the day announced that the hour for dinner had arrived and all present were soon enjoying themselves upon the bountiful repasts spread by the matrons and maidens. The pies, cakes and chickens were devoured right speedily. "Chickens" they fairly flew.

Dinner being over the program of the day was again taken up, consisting of songs, and short speeches. A query how can we improve the "efficiency of the Sunday school work," gave us some excellent remarks from Revs. Bicknell, Douglass, Eagy and a number of other speakers and sunday school laborers. The general decision was that good early training was the great thing needful.

The program being completed the meeting was closed with doxology.

The dispersing crowd was favored with some fine music by the W. C. band, and also by a band of martial music.

Everybody went home well pleased and we hope again to meet the pleasant faces of those with whom we mingled.

### The Wickliffe-Clark Elopement.

Mary M. Young this morning sued Michael F. Wickliffe for $100. The lady sues for a bill contracted at the clothing store of her husband N. B. Young. She also provides for attaching his personal property. From the Hamilton National bank he borrowed $200 and from the First National bank $550. This money he paid to his brother, George Wickliffe, who is in the Rich house saloon.

Treasurer Dalman says his affairs in the county treasurer's office are straight to a cent and he believes Mr. Wickliffe will come back, although the exposure may prolong his stay. The baggage of the party was shipped to Logansport, and there Steve Wickliffe, another brother, accompanied the party. He is expected home to-day or to-morrow.

Lew Clark returned home last night. He makes the public statement that he knew of the intimacy between his wife and Mr. Wickliffe. One time he discovered Mr. Wickliffe in his wife's bedroom and struck him. Mrs. Clark took about $1,600 with her and Mr. Wickliffe had between $300 and $500. The affair creates much comment and regret for Mr. Wickliffe who has a wife and two children. Mrs. Clark has children but is the heorine of four elopements.

A rather thorough inquiry into the affairs of Mr. Wickliffe places his indebtedness at something like $1,200. He owns a house and lot in the Sixth ward and a horse and buggy, all of sufficient value to cover his indebtedness. He recently sold his house and lot at Zanesville, where his wife now is, for $1,000. He got but $300 cash. Mrs. Wickliffe has not yet been apprised of her husband's escapade.

Late this afternoon George H. Loesch filed an attachment suit to recover $300 on a note signed by M. F. Wickliffe and George Wickliffe. Mr. Loesch purchased the note from George Morris who loaned Mr. Wickliffe the money. Other suits will speedily follow this one.

### Go to "Siberia."

Manager Simonson does not propose to fill the newspapers with long articles complimentary of "Siberia." Said he "It is the greatest play on the road, better than the 'World,' 'Silver King,' 'Monte Christo,' or any other play I might name. It is from the pen of Bartley Campbell, descriptive of life in the Russian prison mines. It is already famous and if people do not appreciate such an engagement, there is nothing I can say or do to make them." Mr. Simonson is right, "Siberia" is the greatest of modern plays will be given at the Temple by company No. 1 on its introductory tour. The sale of advance seats opened with a rush this morning and the chances are that not a seat will remain vacant Friday and Saturday night.

### YOUNG CROOKS.

#### Grant and Roy Wiles Arrested for Horse Stealing and Held.

Grant, Fay and Roy Wiles, aged thirteen, fifteen and seventeen years, live with their father on a farm in this county, near the Whitley county line. The trio are tough and a terror to the neighborhood, where their lawless work has ceased to be amusing. Their favorite sport was to appropriate horses belonging to neighbors and drive them about the country for a week or more and then turn the animals loose to return home. They did this with Patrick Fox, of Whitley county, just once too often and he ordered their arrest. Fay Wiles fled the country, but Grant and Roy had a hearing before Justice Schaff, at Arcola, yesterday. Deputy Prosecutor Bittinger and Deputy Sheriff Clausmeier represented the state. The boys were held for trial in the sum of $300 and their chances for a trip to the reform school are good.

A WASHINGTON correspondent says of Gen. Lew Wallace: He is an agreeable man, quite as literary in his appearance as military. He wears an English suit of mixed goods, has good broad shoulders, and would appear to be a man of about 50. He told me that he had two more novels in an advanced state, one of them being a tale of Constantinople at the time of its capture by the Turks, and the other, if I remember, is an American book of domestic life among us. His tale of Ben Hur paid him $3,200 last year in royalties. Referring to general compensation of literature, Gen. Wallace remarked: "I think that a considerable publishing-house has stated that when an author gets $500 royalties on a novel he was considered to have written a successful book."
